Reciprocal Borrowing Arrangements

The West Bloomfield Township Public Library believes in resource sharing through reciprocal borrowing arrangements with other libraries throughout the greater Detroit metropolitan area, as well as the state. Reciprocal borrowing arrangements provide expanded access to materials for West Bloomfield residents.

MILibraryCard Statewide Resource Sharing Program: The West Bloomfield Township Public Library participates in the MILibraryCard program. All West Bloomfield Township resident cardholders and contract community cardholders may request the MILibraryCard label be affixed to their library card. The MILibraryCard label allows use of the West Bloomfield card at all participating MILibraryCard libraries across the state, subject to the local rules governing each participating library.

In turn, the West Bloomfield Township Public Library will accept library cards that have the valid MILibraryCard label affixed to them. The MILibraryCard users are subject to all the local circulation policies and procedures established by the West Bloomfield Township Public Library, including the policy that only West Bloomfield circulating non-rental books are eligible for circulation on the MILibraryCard. No other materials are available for circulation to MILibraryCard cardholders.
